Re: Acceptance of Amended Notice of Intention to Commence Small Mining Operations, Deer Trail Mine, S/031/003, Piute County, Utah

Dear Mr. Rush:

On July 21, 1997, the Division received your amended notification for the Deer Trail mine which is located in Sections 11, 12 and 13, T28S, R4W, SLBM. The amendment involves the operator to start moving ore out of the mine dump and crushing via a small hammer mill into a 120 to 200 fine. The crushed ore will be put into 50 gallon drums then sent to the mill for processing. The amendment is accepted by the Division of Oil, Gas and Mining ("Division").

Approval of mineral exploration or mining operations by the Division does not constitute approval to commence operations upon lands under federal lands managed by the United States Forest Service (USFS). Before conducting mining operations on these lands, the operator must provide written notification, meet bonding requirements, and obtain written approval from the USFS. Please contact Steve Winslow of the USFS, Beaver Ranger District, P.O. Box E, Beaver, Utah 84713, Phone number, (801) 438-2436 for their requirements.

Thank you for your cooperation. When in the area, a member of the Division staff will examine the site. Best wishes with your mining operation.

Sincerely,

Lynn Kunzler
Senior Reclamation Specialist
